Would you like to be listed on the WWC website “Breeder List”?

This is a great way to let people know you have Waterslagers available for sale. (Only your name, state, email address, and phone number will be listed on the Breeder List). NOTE: You must be a member in good standing to be listed on the breeder list.

() Yes, I would like to be included on the 2027 Breeders List

() Shipping available?

() Scored birds available”

() No thank you, I do not want to be included on the 2027 Breeder’s List.

Write check payable to WWC.

Send check and form to Club President/Treasurer:

Ben Jackson

2217 E 3780 South

Salt Lake City, UT 84109

Western Waterslager Club's core mission is to promote the Belgian Waterslager (Malinois) canaries as a pure breed, encourage selective breeding programs and to share information and build fellowship among song canary breeders and enthusiasts while promoting the avian hobby in general.

One of the ways we strive to meet this core mission is to present an annual show. This is an ideal time to have the quality of birds evaluated against the breed standards, but it's also an ideal time for breeders to gather together to share information and build lasting friendships with other canary breeders and enthusiasts. Even if you can't personally attend a show, those who can share the information we've learned with everyone in the club via the newsletters and personal connections. It's these connections that have formed the core of the leadership team to help promote our shared hobby.

We wish more of our members could attend the annual show but we understand it's not easy to travel – especially with birds. Ideally WWC could afford the expense and have willing and enough experienced volunteers to host multiple shows throughout the country. That remains a long term goal of the club. To reach that goal, the club membership needs to grow.

Until then, please remember that your membership entitles you to buy high quality traceable bands (customized ones available), quarterly newsletters, free listing on the WWC's website breeders list, a way to connect with others who share your love for the waterslager canary, potential connections for new blood line connections, educational materials about the hobby, promotion of the hobby and breed which helps your future bird sales as well as the annual show.
